# Instructions for logging on to the saints-guest wireless network.

- When you open any web browser on your computer or smartphone, you will be prompted to log onto the saints-guest network. (See picture below)
- Use the same log in information you use for your library access.
- Once logged in, you will be redirected to www.sahs.org and will have access to the Internet.
- PLEASE REMEMBER YOU ARE ON SAINTS WIRELESS NETWORK AND ARE BOUNDED BY THE ACCEPTABLE USE POLICY.
- Do not give out your username and password information to anyone. If it is used inappropriately you will be held accountable.
- Use only saints-guest network, any unauthorized use of the other network will result in your removal of all Internet access.
- If you have any questions or problems adding your device to the saints-guest network, please feel free to contact Mr. Ozdowski or Mr. Igelman.
- Our wireless network infrastructure has been significantly upgraded in both coverage area and speed. Feel free to alert us of dead spots as we continue to improve the wireless network.

- Saint Augustine High School has adopted the following as minimum document and Internet browsers' requirements.
- Microsoft Office suit 2007 or greater.
- Internet Explorer, Mozilla Firefox, Safari.
