

## **Saints Golf Team Boosters,**

Let me start by saying 'Thank you' from the entire golf program for the fantastic and wide support that was exhibited with event at Mt. Woodson on Sunday. We ended up having 124 golfers competing and also ran a successful raffle to raise additional money to support the upcoming season. Nine of our team members earned money towards their team expenses by working throughout the 7 ½ hour long event by selling raffle tickets, bringing golf clubs from the cars to the golf cart, and running the on-course special events. Mt. Woodson Golf Course was in great shape and playing very tough on the day with some firm greens, tough pin placement and wind that made getting shots close to the holes more difficult. Our top 4 teams from the event will be playing in the Randy Jones Invitational in January at Woods Valley with the chance of earning money for the Saints golf program if they are able to win at the Finals in January.

### **Below are some results:**

- 1<sup>st</sup> place 14 under par 56 (won on scorecard playoff): Eugene Itkin, Vince Itkin, Cory Segall, Stefan McKeller
