APA 2021-2022 Theme: "Rebuild & Rebirth" - Rebuilding the team and supporting new leaders for the future of the APA.

We love our Saints moms. It's so great to see so many dads joining up and getting involved. Please reach out and tap a Saints dad on the shoulder to join in and enjoy the "Saints Experience."

Parent Mass and BBQ was such a wonderful success to bring our Saints families together after such a long haul. The vision of Fr. Max to bring a BBQ to the experience was awesome (over 225 hamburgers and hotdogs served). Overall it was a great time with only a few adjustments with adding family games, music, add a variety of drinks, tune the flow of the line trying to get food and think about a little later start to minimize the mid-day heat.

3 Parent Gatherings took place in the Commons with share outs from Jim, Ed and Janelle. This was a big reason we had one of our largest APA first meeting gatherings with over 45 in attendance.

Freshman Retreat is coming up. Parents shared how important it is to have our Freshman boys attend. It's transformational and a true bonding experience.

Admissions is as healthy as it has ever been with over 27 new registrations in one day after a local school district mandated vaccines for its students. Saints will be following all state guidelines. While vaccines are recommended they will not be required until a health mandate by the state is ordered.

Open House is scheduled for Sunday, November 7th (11:00-2:00). Volunteers needed. Joe will be sending out a signup genius. Thanks to Hardy for volunteering to create the signup genius APA form.

Intersession is a go as long as our State/City COVID numbers remain low. A few sessions will be limited or eliminated due to minimizing the number of students in one space. Stay tuned for more information.

Peter and the Star Launcher is coming to the Saints Theater in November.

100 Years of Saints is launching. A final phase of construction will consist of new fencing around the campus to match the latest architecture design. Twelve feet of space the length of the football field will be added to accommodate bleachers on the visitor's side of the field to improve site lines when entering campus.
