Summer Work 2024

Dear AP World History Students,

Welcome to AP World History for the 2024-25 school year. Please take a few minutes to join Remind 101. Remind101 is a messaging app that will help us remain connected during the year. You do not need to download an app. By June 1, please send the following text message **@d62hk3** to **81010** and reply using your real first and last name. Once you are in, I can send you links to important files like textbook chapters. As part of the class, you will need to complete the following summer work. The course itself covers 26 chapters of material and for us to have enough time to cover the material and prepare for the AP exam this work must be completed by the start of the school year. I will be here most of the summer!

These SAQs should be 5-7 sentences long and follow the A.C.E. format Answer (the question or prompt), Cite (the data), Explain (how the data answers the question).
